## Project Financial Closeout Checklist Areas to Address

This job aid and checklist, *Areas to Address*, is organized as a topical approach to help you recall all the actions you need to take (e.g., what to reconcile, and, generally, who to consult) in advance of receiving your Financial Status Report (FSR). When you know the timing, you can use this as a reminder of all the areas that need attention. This approach is particularly useful for unit-initiated early closeouts. Several items are linked directly to the companion document: the **Project Financial Closeout Guide**. Refer to it to find definitions, contact numbers, or website URLs. For unit-initiated early closeouts, complete and return this to earlycloseout@umich.edu. (See also the <u>Timeline Approach</u> job aid and checklist.)
